SUMMARY

I am a dedicated and tech-savvy individual with a B.Tech in Computer Science and Engineering. Seeking job opportunities where I can enhance my skills, deepen my knowledge, and explore various aspects of the tech industry.

SKILLS

Programming Languages :

Python | C | Java

Web Technologies :

HTML | CSS | JavaScript

Databases :

SQL

Soft Skills :

Teamwork | Adaptability | Problem Solving | Creativity

PROJECTS

Smart Online Examination System

Tech: Python, HTML, CSS, JavaScript, Flask, MySQL

- Designed and developed a secure web-based online examination platform enabling students to register, log in, and take exams remotely.
- Implemented randomized question generation and time-based test management to prevent cheating and ensure fairness.
- Built an automatic evaluation system that calculates scores instantly and displays results after submission.
- Developed an admin dashboard to create exams, manage questions, control users, and monitor test activity.
- Integrated MySQL database for storing user data, exam records, and result history.

Online Job Portal Web Application

Tech: HTML, CSS, JavaScript, SQL

- Designed and developed a full-stack web application for job posting, candidate applications, and resume management.
- Implemented secure user authentication, job filtering, and application tracking using MySQL.
- Built RESTful backend services to handle job data, user profiles, and application workflows.
- Improved system performance and usability through structured database design and optimized queries.

EDUCATION

B.Tech in Computer Science & Engineering Guru Nanak Institutions Technical Campus

11/2022 - 05/2026
Hyderabad

GPA
8.82 / 10.0

Class XII Narayana Junior College

07/2020 - 07/2022
Hyderabad

GPA
9.9 / 10.0

Class X Naagarjuna Model School

06/2019 - 05/2020
Hyderabad

GPA
10.0 / 10.0

CERTIFICATIONS

Software Development Engineer Intern BLUESTOCK.in

Company specializing in stock market solutions

- Developed Python-based applications related to stock market solutions
- Gained exposure to real-world software development workflows

Python Programmer Infosys Springboard
